Press Release

New Horizons Lacrosse awarded US Lacrosse Grant.

Newly created fund wins Chapter Grant to support the growth of lacrosse in Central Texas

Austin, TX, November 11, 2009: The New Horizons Lacrosse Fund (<http://www.newhorizonslacrosse.org/nhl/>) was approved by the staff members of US Lacrosse to receive a \$1,000 Chapter Grant to support the growth of lacrosse in East Austin. Recently formed, the New Horizons Lacrosse Fund has a mission to work in partnership with programs of demonstrated need to identify, gather, and provide resources and expertise in order to create successful and sustainable lacrosse programs. The Fund is administered by the Austin Community Foundation

The Eastside Memorial High School Lacrosse Club has been targeted by New Horizons to receive support. Eastside Memorial High School (EMHS) is the recently “repurposed” Johnston High School (Austin Independent School District) and is in an area of the community that has been underserved by lacrosse. The new lacrosse program at EMHS will join twenty central Texas high school programs currently competing in the Texas High School Lacrosse League (<http://centralboys.thsl.org/>).
